INTRODUCING...

super-strong ACRYLIC

- Smooth high gloss acrylic is solid in colour so it won't rub off or fade.
- Fully encapsulated high strength baseboard.
- A special mix of polyester resin seals in the baseboard, increasing rigidity and acting as a thermal layer so the water stays warmer longer.

super-strong ACRYLIC has many benefits over standard acrylic. Made using the latest materials and techniques it produces a bath that is as strong as cast iron but is warmer to the touch and retains heat longer than a standard bath.

Most of our acrylic baths are available with **super-strong** ACRYLIC. The extra strength makes it ideal for use in a shower bath where the weight is concentrated at one end, this puts extra strain on the structure of the bath but with **super-strong** ACRYLIC the bath remains strong and rigid.
